

Powering a changing world

We're one of the UK's fastest growing energy companies

## Our History

2016

Conrad Energy founded

2017

I Squared Capital become principal investor

2018

Complete first site acquisition

2019

Electricity supply licence received

2020

Trading desk live

Acquisition of Viridis Power – become largest flexgen provider

2021

Acquisition of first battery site

2022

Awarded 2 Pathfinder 3 contracts

Acquisition of TGG Solutions (iON+)

2023

Became official Power Partner of Harlequins

2024

45MWh Larport solar farm energised

Supply and PPA growth increases rapidly

We generate and manage energy to support the grid  
as the UK's reliance on renewable energy grows

# We also buy, sell and optimise energy for businesses nationally

## Supply

Fixed and Flex  
Price Contracts

Long-term  
CPPA Contracts

Behind the  
Meter

## PPAs

Renewable  
PPAs

## Route to Market

Battery  
Optimisation

Flexible  
Generation

Other  
Technologies

# Our portfolio of assets

## Technology

66 x Gas

7 x Batteries

1 x Wind

9 x Solar

2 x Stability

## Scale

### Operational & In Construction

Gas - 767MW

Batteries - 148MW

Solar - 45MWp

Wind - 10MW

BTM - 14MWp

*(Stability - 4,500MVA)*

**984MW & 4500MVA Total**

### Development

Gas - 18MW

Battery - 1.7GW

Solar - 1.4 GWp

DC - 450MW

**3.56 GW Total**

**4.5 GW total live or in development**

A few of the companies  
we're working with...

TESLA

SIEMENS

BNP PARIBAS

Leonardo<sup>co</sup>

ESO

Turtle Bay
