All prices shown are exclusive of Climate Change Levy (CCL) and VAT.

**5. COMMENTS/ADDITIONAL INFORMATION:**

**6. AGREEMENT AND SIGNATURE**

**Acceptance of this contract by EDF Energy is strictly subject to and conditional upon:**

**The Principal Terms**

- The supply contract you are entering into will become legally binding from when EDF Energy accepts your signed or verbal agreement. The expiry date of the initial Fixed Term Period is stated on your contract (the Price Review Date) along with the prices which will apply during the initial Fixed Term Period.
- EDF Energy will endeavour to take over your supply on the date you requested, or within 21 days from the day after EDF Energy accepts your agreement, whichever is later. Please refer to clause 1 of your Terms and Conditions for more information about the transfer process.
- As this is a Fixed Term Period contract, your prices will not change during the initial Fixed Term Period that you have agreed with EDF Energy, unless:
  - you have failed to comply with any term of the contract (in particular any of the non payment circumstances in clause 6.6 of the Terms and Conditions apply, in which case EDF Energy may fit a prepayment meter, disconnect or put you on Extended Supply Prices); or
  - any cost imposed on EDF Energy in connection with processing, distributing, transporting, selling or supplying energy is increased, or calculated in a different way, or a new cost is introduced, which affects our costs of providing your supply.
- In order to enable EDF Energy to offer you this fixed price arrangement EDF Energy reserve the right in our Terms and Conditions to prevent you from switching to another supplier during the Fixed Term Period, and EDF Energy may charge you an Early Termination Fee if you try to do this. Full details of this are set out in clause 6.4 of your Terms and Conditions. You can access a copy of your Terms and Conditions at any time online at [www.edfenergy.com/business/terms](http://www.edfenergy.com/business/terms)
- Approximately 10 weeks before the end of the Fixed Term Period, EDF Energy will write to you and offer new fixed prices for no longer than 12 months. We will automatically renew you on to these prices after your Price Review Date, unless you provide notice by your Price Review Notice Date or agree another tariff with EDF Energy. Prices in subsequent periods may be different from those in your first Fixed Term Period.
- Should you wish not to renew your contract with EDF Energy at that point, you can give notice at any time prior to the last 30 days of the Fixed Term Period. This can be done by post, phone, fax or our online service:
  - **Write:** FREEPOST: EDF ENERGY – PLYMOUTH
  - **Phone:** 0808 101 4276
  - **Fax:** 01903 283 716 or
  - **Online:** [edfenergy.com/noticetoleave](http://edfenergy.com/noticetoleave)

- Should you give notice to end your contract before your Price Review Notice Date, and you have cleared your balance and have not agreed another contract with EDF Energy, you will be free to agree an electricity and/or gas contract (as applicable) with another supplier to start from the end of your Fixed Term Period.
- Notice received after your Price Review Notice Date will be subject to a 30 day notice period. You will be renewed on to the next Easy Fix prices, until the notice period is completed. After which you will be free to leave so long as you have cleared any outstanding balance.
- If you give notice to end your contract but do not arrange for another supplier to supply your premises with an electricity and/or gas contract (as applicable), we will continue to supply you but, you will transfer onto our Extended Supply Prices, which are variable and typically more expensive. Extended Supply Prices will apply until you agree another supply contract with EDF Energy or transfer to another supplier.
- EDF Energy may request a Security Deposit at the start of a new contract, at a renewal or subject to credit check, if you do not pay your bills in full or on time.
- Your chosen payment method will affect pricing. If you change your payment method your price may change.
- EDF Energy's acceptance of your contract is conditional on EDF Energy obtaining satisfactory results from any credit check.
- By agreeing to enter into this contract, you authorise EDF Energy to contact the Local Network Operator to obtain details of the supply numbers for each of the Premises covered by this Agreement.
- By agreeing to enter into this contract you are confirming that you are authorised to enter into this contract on behalf of the customer and confirm that all information provided to EDF Energy is correct and complete and that you will inform the customer of all information EDF Energy has provided to you.
- We will send our full Terms and Conditions in the post, so please read these and call us if you want anything explained.
- If your bills are not paid on time, or in full, we may charge up to £30 per bill and interest at 8% above the Bank of England rate, plus VAT. For more information, please refer to your Terms and Conditions.

**Additional principal terms for Business Electricity: Business Connect product**

- EDF Energy Business Connect prices are only available if you pay by Direct Debit and your agreement to pay by this method forms part of your contract with us. This means that if at any time your method of payment is changed under this contract (for whatever reason); we may change the price that we charge you to our Extended Supply Prices.
